Public Notice – April 28, 2021

The Galena City Council did not extend 2021-27; it was a 3 to 3. All people entering public places will no longer be required to wear a mask as a City mandate. By not passing Ordinance 2021-27, it supersedes all previous ordinances regarding travel requirements and the mask mandates. We would appreciate if people continue to wear masks when in public places out respect for others.

The City of Galena has a building available for anyone who chooses to shelter-in-place or needs to quarantine. Please contact the City if you seek this option.

The City of Galena would also like to remind everyone that testing is still available to the public at the Edgar Nollner Health Center if you are showing symptoms of COVID-19, or feel the need to do so.

We encourage everyone to stay safe by continuing to wear masks, hand washing, and social distancing. Please contact the City at 907-656-1301 with any questions.

SECTION 2. Findings and Declaration of Infectious Disease Related Emergency. The city council finds that there is probable cause to believe limiting community interaction, for a period of time, of persons arriving in the city is necessary to prevent, reduce or limit the spread of disease within the city.

WHEREAS, GMC 8.12.020 provides that “When an infectious disease-related emergency has been declared by the city manager or city council and there is probable cause to believe limiting community interaction, for a period of time, of persons arriving in the city is necessary to prevent, reduce or limit the spread of the disease within the city, all persons arriving into the city, except for critical infrastructure and response workers as determined by the city manager, shall be subject to mandatory post-travel shelter-in-place of a duration to be determined by the city manager in consultation with a qualified medical officer, which shall not, in any event, exceed 20 days in duration”
