Koyukuk Village is soliciting an engineering consultant for an Indefinitely Delivery Indefinite Quality (IDIQ) contract.

Koyukuk Village is soliciting proposals for professional engineering services in support of community resiliency projects. The objective of this solicitation is to establish an indefinite delivery, indefinite quantity (IDIQ) term contract with a multi-disciplinary engineering consultant firm (Consultant) to provide on-call planning, environmental assessments, design, permitting, and construction management services for community resiliency, infrastructure protection, and infrastructure development projects for the community of Koyukuk, Alaska. Koyukuk Village intends to execute a multi-jurisdictional IDIQ term contract with the selected Consultant under which Koyukuk Village may issue Task Orders (TO) for service. It is anticipated that the Task Orders will be funded by various State and Federal sources.

Please contact Eva Harvey at admin@tribalbusiness.org to obtain the full Request for Qualifications which is due August 10, 2021 at 5:00 PM.
