

KIYU BINGO POLICY SHEET:

1. No bingo sheet sales after Halftime ends.
2. The final jackpot progressive cover-all game is a \$500 prize if completed within the declared target of numbers specified that day. This target begins at 52 numbers called and increases by one number and \$50 additional prize money each session thereafter, until the jackpot is claimed. If there is no winner by the designated target number that session, the cover-all game continues with a \$150 prize. Sheets for the jackpot progressive game are \$10 each.
3. In 50/50 games, 50% of total proceeds on that game's sales are awarded to the winner. Sheets for 50/50 games are \$5 each.
4. The six-pack of games are awarded prizes of \$35 to each winner. Six packs are \$10 each.
5. Pull tab sales are open to everyone at any time, unless a player declares they wish to buy out all remaining tickets in the current game. All winning pull tab tickets previously sold from that game will be settled in cash in that event.
6. Proceeds from Kiyu Bingo support the radio station itself as well as the Kiyu annual college scholarship program and many other local donations throughout the year, such as youth and adult sports, youth travel, plus public picnics and gatherings of all kinds.
7. Sessions require fifteen (15) participants to proceed. If fewer people are present, bingo sheets can be retained for a future session or refunded in full.
